### **Directive: Overtime Reduction Measures**

**From:** John Oliver

**Sent:** Wednesday, October 18, 2017 9:29 AM

**To:** AllPersonnel

Unfortunately due to several sentinel events, we have now expended our Overtime budget for 2017. This provides us with an opportunity to work together and become even more resilient for the future. Through a collaborative Labor and Management process we have agreed to implement several measures to lessen our overtime expenditures for the remainder of the year. We will monitor the operational and fiscal impacts for adverse effects and may rescind all or part of this directive prior to its expiration date.

Here is a link to [Department Directive 17-010](#), which will go into effect immediately.
