Staffing Updates: HR & Accounting

The 2018 budget and updated organization chart brought some changes to the HR and Accounting departments. The following describes what changes are going into effect now and what is remaining the same.

What's changing?

Accounting Specialist Heidi Robnett handles payroll and has also taken over the Accounts Payable (AP) function. **Project Managers should now contact Heidi with vendor billing questions and should begin turning in blue slips and purchase orders to her for processing and payment.** She can also help answer specific questions related to your paystub.

What stays the same?

Continue to go to HR Specialist Marci Ewing for questions and changes related to medical benefits, insurance, W-4, retirement contributions, address changes and other issues with benefits and deductions.

Coming next week...

We will roll out a new CK Share & HR Portal. Here is a sneak peak of the new homepage... stay tuned!

KUDOS to LT Ryan Madison

LT Madison just received his Associate of Science degree in Fire Science from Columbia Southern University!

Hello World!

PM MacKinley Holt and his wife Alyssa welcomed into the world their baby boy—James Anthony—on Monday, 5/28/18. Everything is going great and Mack says things are "Amazing!"

Born at 1450, James came in at 8 lbs. 4 oz. and 21 inches long.

Congratulations Mack and Alyssa!

SHOP, PLAY, WIN!

On Tuesday, crews reimbursed all the coupons that CKFR collected for a total of 121 lbs. of food and over \$300 in value for the Central Kitsap Food Bank!

It is estimated that we collected 4,500 game pieces. As of yet, we did not win any sweepstakes prizes...but that's OK!

Thank you to all of our CKFR members who "played" for this great cause. The number of game pieces was truly astounding!

The major factor in whether people achieve expertise is not some fixed prior ability, but purposeful engagement.

It is not always the people that start out the smartest who end up the smartest.
