NEW CK SHARE ROLL OUT

HR & IT Divisions have been working on a **new intranet** and HR service portal for a few months and are finally ready to roll it out! This will be a "SOFT LAUNCH" so please use the primary CK Share for all official District business, but we want to give you a chance to login and look around for a week or so before we switch over.

Below are several **training videos** that will help you get started... please take the time to watch them as they will help you understand the new features and tools!

A **big thanks** to IT & to Marci Ewing (HR Generalist) for their hard work to make this happen. We hope you enjoy!

POLICIES FOR REVIEW

We are happy to roll out two important policies. These policies are both lengthy and took a significant amount of work from both labor and management to come to a final product. **Please review these at your earliest convenience.** If you cannot access these links, refer to the email sent from Serena Prince regarding the new CK Share on 6/12. Note: your normal username and password should log you in.

Please contact HR or IT if you have any issues or questions.

LEVY LID LIFT FACT SHEET TRAINING

Fire Chief Scott Weninger and Deputy Chief John Oliver want every Employee and Volunteer in the District to read and understand the District produced levy fact sheet titled "[Restoration of CKFR's Regular Fire Levy](#)".

The intent is that anyone in the organization who is asked should be able to provide (to the public) at least the basic information that is contained in this fact sheet.

Remember that District Employees and Volunteers should not be expressing an opinion, either for or against the levy, but they can provide facts related to the levy.

For all Operations level personal (Career and Volunteer) this training is mandatory, and must be recorded in FireTrex. I have put it in the grid as a class titled "Levy Fact Sheet". There is a link to the Fact Sheet document in the grid to make it easy (by clicking on the class).

For all Admin Staff, Maintenance, and Facilities personnel, I will leave it up to the individual Division Supervisors to review the fact sheet with their personnel.

Here is a link to the [Levy Fact Sheet Document](#), you (or anyone with internet access) can also find it by going to CKFR.org, and clicking on the "Information" tab.

2018 SANTA RUN COMMITTEE

From: Captain Matt Porter (mporter@ckfr.org)

Sent: Saturday, June 09, 2018

I am soliciting names of those who are interested in a newly formed CKFR Santa Run Committee. Chief Oliver assigned me/us to come up with a CKFR Santa Run complete with new routes and perhaps our own budget so we can use this event as a fun way to celebrate with the community that we serve, and also as an opportunity for good PR. The committee members that I am interested in are those that have a desire to make this a district-wide event and have a positive disposition for the Santa Run. This event has traditionally been important to CKFR volunteers and career staff alike and I would like to keep that tradition going. I think it would be nice to have a good representative from all personnel areas at CKFR including CKFR PIO and 2819 Pac.

Below is not a complete list but some areas that will need to be developed are:

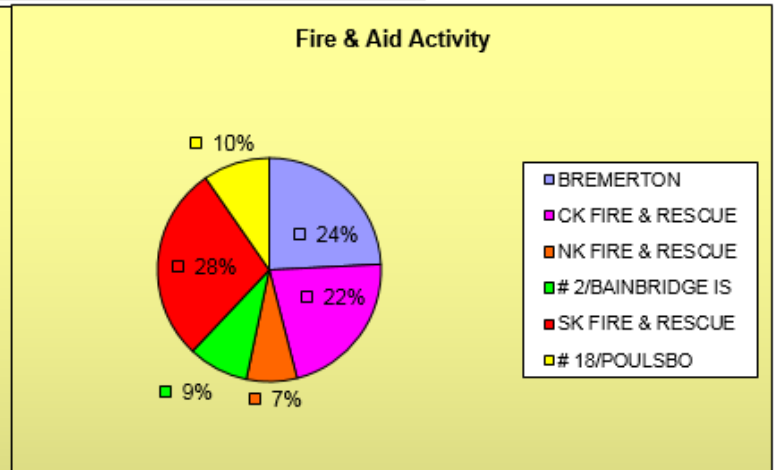

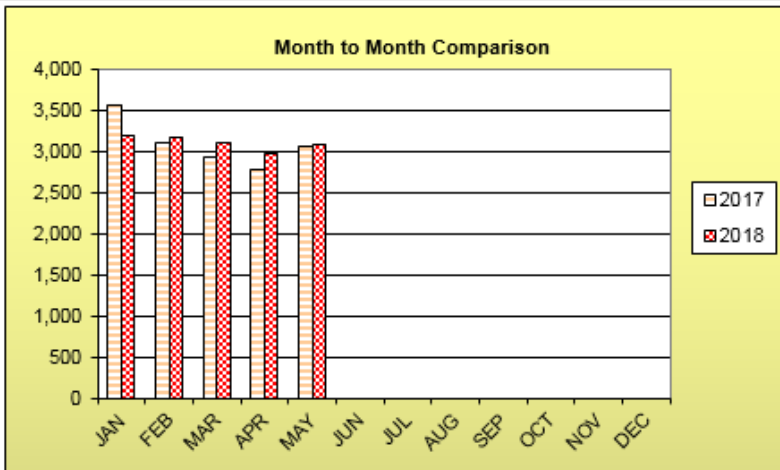

- Santa Run Dates/Times
- District-wide routes and times
- Equipment needs and budget request
- Logistics

There are many items to discuss. I would like to have a proposal into Chief Oliver by August if that is possible. This committee is open to all members but if there is a positive response, I will need to limit the size or else the group tends to be less efficient. Thank you for your consideration and I look forward to expanding the service area of the Santa Run!

LADDER 51 "PUSH-IN" CEREMONY

SATURDAY, JUNE 9, 2018 AT CKFR FIRE STATION 51

On Saturday, June 9, Central Kitsap Fire & Rescue honored the long-standing fire service tradition for the brand new aerial ladder truck that will be put into service at Station 51. The public was invited to perform the "first bath" and "push-in" of the apparatus that will serve the Central Kitsap community well into the future.

A special thanks to Captain Jay Christian for organizing this remarkable ceremony, to the Local-2819 Honor Guard, to A/O Adam Smith for providing his musical talent on the bagpipes, to all the speakers, to all involved in the planning process, and especially to our citizens for participating in this honored tradition!
