Haselwood Family YMCA
10:00 AM - 3:00 PM
- March 23
BOC Meeting
Admin Building 4:00

Pierce Arrow XT-Mid-Build Inspection

BC Greg Platz, Lt. Chris Starkey, EVT-Lead Joe Eberle and EVT Brandin Skovald traveled to Appleton, Wisconsin, for the mid-build inspection on our newest Pierce Arrow XT fire engine. From top to bottom, every aspect of the rig is checked. Joe was keen on the olive drab paint job for this engine bound for Germany . . . should we consider a color change?

Multi-company Drills

C-Shift crews conducted multi-company drills at Station 41. Drill consisted of positioning apparatus, pulling hose lines, complex pumping operations, and aerial master stream. Big thanks to LT Madison and AO Fassett for developing this drill.

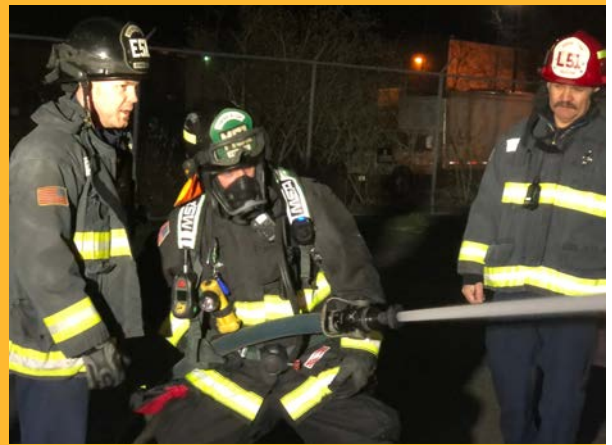

Fireground Survival Training Module 2

Taught by AO's George and Pennington, A-shift completed Module #2 of the Fireground Survival Training. Firefighters SCBA masks were "obscured" and they had to find their way out of the structure. Navigating the complex knots of hoses improves dexterity with bulky firefighting gloves and builds confidence in your ability to stay calm, conserve air and work through the problems.

Welcome to A-shift PFF/PM Casey Bizelli!!

When you run calls all day, it means training takes place at night.

Wood-splitting Workout!

Station 56 C-shifters split up a tree that fell in their parking lot during our last storm and brought it to the food bank where it'll be distributed to clients in need.

Happy Birthday Jesse!!

Happy Birthday to Station 41, A-shift PFF/PM Jesse Graham!

2020 CPR CLASSES SATURDAY MORNING CLASSES ADDED!

Free CPR and AED Training through
Central Kitsap Fire & Rescue

Thanks to a generous donation from the Medic One Foundation and due to popular demand, CKFR has expanded its CPR program and will be offering free classes **twice a month!** Classes are on Thursday evenings and Saturday mornings.
