INSIDE THIS ISSUE:

**News from the Den:** Weeks 7 & 8 at the Kitsap Fire Academy 2

Congrats to Master EVT Jeff Denton 3

Probationary Firefighter Updates 4

CKFR in the Community 5

Upcoming Events 5

Kids' Day is a completely **FREE** event for the entire family with live fire and rescue demonstrations, entertainment, bounce house, fire engines, Airlift Northwest helicopter, hot dogs grilled by the firefighters, free bike helmets (while supplies last), and SO much more!

# News from the Den

## Week 7

**By Recruit Parker Hayne**
**East Jefferson Fire & Rescue**

This week, the Wolfpack had a great time learning the ins and outs of salvage and overhaul and vehicle extrication. By the end of the week, everyone wished there was more time to work on vehicle extrication.

## Week 8

**Recruit David Lyons**
**Central Kitsap Fire & Rescue**

KFA Recruits learn how to quickly control a fire and how clear a burning structure of smoke. Working in teams, recruits search and clear smoke from inside and vertically through the roof.

**Jeff Denton**
Master EVT

## Congratulations to Master EVT Jeff Denton on passing his Management Level I and II Supervisor Certification from the National Emergency Vehicle Commission!

Completion of his Shop Management certification included the study of Policies, Environment, Human Resources, Safety, NFPA 1901, 1911, 1071, 1917, Finance, Controls, Records, and more.

"I appreciate your diligence of personal study, and the effort to challenge yourself to be better, and make our organization the best for tomorrow's leadership."
*- Fleet Supervisor Joe Eberle*

## Congratulations to our probationary firefighters on passing their final probationary practical and written exams!

**PFF Casey Collins & PFF Alex Myers**

**PFF Chris Egland & PFF Courtney Flynn**

**PFF Nathanael Rettberg**

> Our probationary firefighters have been busy honing their skills in preparation for their final probationary practical exam. While training is part of our daily shifts as professional firefighters, the first year of employment is filled with extra, intense, and demanding training to prepare our firefighters to serve our citizens in their time of need.

# PFF Training

> We love to show pictures of our probationary firefighters pulling hose, flowing water and raising ladders . . . but there is much more to firefighter training. There are a multitude of written tests, manipulative skills (ropes and knots, for instance), emergency medical training as well.

# CKFR with the Community

**LEFT:** Station 41 & AO Billy George dropped of a food donation to Central Kitsap Food Bank earlier this month :)

**RIGHT/BELOW:** We had a great time at the Tractors & Tikes event on May 14! Thank you to everyone who stopped by and said hi, and thank you to AO Ronny Smith, FF Connor Bitterman, and Team Henneman for working the event. You all did a great job!

This event was in conjunction with the Home and Garden Expo & Car Show. Battalion Chief Shaffer served as a guest judge and chose the 66 Mustang for the "Chief's Award".
