FINAL INSPECTION ON THE NEW E56!

BC Greg Platz, AO Terry Fassett, EVT-Lead Joe Eberle and EVT Brandin Skovald, drove to Tacoma this week to conduct the final inspection on the new E56, a Pierce Arrow XT (also called a PUC - "Pierce Ultimate Configuration").

Normally, this team would have traveled to Appleton, Wisconsin, where the fire engine is built to conduct a final inspection so any necessary repairs could be made at the manufacturing facility. Due to the COVID-19 pandemic, alternate plans were put in place.

We look forward to receiving this engine soon and working quickly to mount tools and equipment so it can be placed in service!

Board of Commissioners Study Session
April 27, 2020 – 4:00 PM – Electronic Meeting

Electronic Meeting Instructions for the Public

This Board meeting will be held electronically using Microsoft Teams. Members of the public are invited to listen to the Board meeting by dialing in. Please use the information below:

+1 253-999-5687 United States, Tacoma (Toll)
(833) 228-9657 United States (Toll-free)
Conference ID: 207 421 317#

The meeting will be recorded and posted online following the conclusion of the meeting.

= OPERATIONS =

AQUAMEN

A-Shift Rescue Swimmers took part in training at Wildcat Lake on Wednesday morning. The training scenario simulated rescuing two occupants in a submerged vehicle. Participants were Alex McCracken, Billy George, Jeff Stanley, Connor Bitterman, and Owen Rhodes.

Special thanks to the Department of Fish & Wildlife and Kitsap County Parks for allowing CKFR access to the Wildcat Lake boat launch.

We're still training so that we can continue to provide you with the highest level of service possible. While we love to have citizens watch our training evolutions, in light of the Stay Home, Stay Healthy directive, we had to conduct this training by ourselves.

We look forward to seeing folks at a future training session!

SO... WHAT HAPPENS IF I PUSH THIS?

B-Shift A/O Tesch and FF/PM Backus doing some drivers training with the Heavy Rescue.

WAX ON, WAX OFF

A-Shift firefighters Werlech and Monroe working to make E41 shine bright!

= MEDICAL SAFETY OFFICER = RESUSCITATION ON THE MOVE

Station 41 B-Shift getting some hands on training with the Zoll Auto Pulse.

I would like to thank PM Holt and his team for developing the training and operational procedures that go with putting these devices into service.

Crews will train with these devices over the next couple of weeks to prepare for their implementation into the field.

Crews are reminded to go to the Zoll training website, register, and complete the required online training. **Link: Zoll**

I would like to once again thank the Medic One Foundation for their generous donation allowing us to purchase these devices.

Stay healthy and stay safe!

-MSO Chamberlain

= ADMINISTRATION =

Employee Spotlight Heidi Robnett

My name is Heidi Robnett. I have been with Central Kitsap Fire & Rescue for just over two (2) years. I am an **Accounting Specialist** in the Finance Department and my job duties include:

- **Payroll** - I prepare and issue monthly payroll for all the employees of the District.
- **Accounts Payable (A/P)** - I pay all the bills for the District, including purchasing card transactions.
- I also provide transition support for benefits administration.

If I am not available, Amy Sanchez (Accounting Specialist), is my primary backup and will be able to assist you with paystub and payroll processing questions as well as A/P.

Please feel free to stop by anytime if you have questions.
