

CKFR WEEKLY

CENTRAL KITSAP FIRE & RESCUE

JUNE 12, 2020

SAFE START PLAN

Kitsap County entered into Phase 2 on May 28th.

Management has implemented additional measures for the reopening. Personnel in the Administration building are required to wear masks and regularly take their temperature.

Kitsap Public Health anticipates for Phase III opening approximately June 18th.

FINANCE

On May 28th the Finance team successfully submitted the District's annual financial report to the Washington State Auditor's office (SAO).

This comprehensive report is the basis for the District's annual financial and accountability audits and much of it will be available to view by the public. The complete report can be found [here](#).

EVENT

BOC Meeting
June 22, 2020
4:00 PM
(details are forthcoming)

TRAINING DIVISION

-Division Chief Danskin

The Training Division is gearing up for next week's Captain and Battalion Chief Test Orientation. If you plan on testing, mark your calendar for June 17th at 1330. The orientation will be held at the Administration building in the large conference room.

During the Station's "Chief Chat", Chief Oliver will be talking about the Readiness Center building and the current extension of the lease. On that note, I would like to address the conceptual West Sound Fire Training Officers Consortium, which will be assembled at the Readiness Center building when we take possession in January, 2021. Assistant Chief Christian and I have reached out to agencies in the County to start a meaningful conversation about consolidating our training divisions into one location. We are working behind the scenes and share the excitement and passion for this endeavor. There's a lot of talent in the training offices around the County, and by positioning the Training Officer's in the same location, we can combine our resources and become more efficient and effective. There is a lot of work ahead of us and we are committed to make this happen. Stay tuned and look forward to a new training platform of excellence in Kitsap County!

June SLAMDUNK Award goes to...

Joe Calkins, our Purchasing Agent, is this month's Slam Dunk Trophy recipient!

Last month's recipient, Chief Oliver, recognized Joe for his readiness to tackle new tasks and his quick "turnaround time" for getting items ordered for the organization.

To represent Joe's speediness, Chief added a purchasing card and a race car onto our growing 2019/2020 Slam Dunk Trophy!

We protect those who protect us

Every day, public safety workers get hurt on and off the job.

When that happens, Rebound is here for you.

We are changing the way healthcare is delivered to our heroes. We believe they should get the best care, and they should get it fast.

On May 26, 2020 Tactical Athlete Health & Performance Institute changed their name and branding to "Rebound" to better reflect their mission to help injured public safety workers recover faster. More information, [JustRebound](#).

Top Tips For Men: Staying Healthy

Why should we observe Men's Health Month? On average, men have a shorter life span than women by five years and pass away at higher rates from 9 of the top 10 causes of death. Unfortunately, men are also less likely than women to have health care insurance. There are many things you can do to get and stay healthy, as well as support the healthy habits of the men in your life. [Stay Healthy!](#)
