

CKFR WEEKLY

CENTRAL KITSAP FIRE & RESCUE

JUNE 19, 2020

CLIMB... CONQUER... CURE

To help flatten the curve and stop the spread of the COVID-19 pandemic, the Leukemia & Lymphoma Society Firefighter Stairclimb event turned into a virtual climb. On June 13th, firefighters across the country virtually climbed Seattle's 61-story, Columbia Center Tower as one! That's 1,762 steps!!

Every step the team made, helped towards finding a cure for all those battling this disease.

Team CKFR consists of PM Doug Bekenyi (pictured), FF Gian Dalle, AO Kyle Good (pictured), FF Robert Pierson, BC Greg Platz (pictured), FF Joey Werlech, PFF Joseph Connelly and Volunteer Whitney Glebe. \$11,411 was raised!!

Strong Work!

EVENTS

6/21 FATHER'S DAY

6/22 BOC STUDY SESSION 4:00 PM
LINK: [ELECTRONIC INSTRUCTIONS](#)

CKFR ANNIVERSARY (1942)

7/4 INDEPENDENCE DAY

7/13 BOC MEETING MEETING
4:00 PM LOCATION TBD

DRONE CONFIDENCE COURSE

Members of CKFR train on flying our drone through a confidence course at Station 51.

The drone is used for a variety of jobs such as recon on scenes, smoke investigations in hard to access areas like Green Mountain, water rescues, locating victims in the woods, shooting video for training, public relations, and so much more.

NEW ADDITION TO THE SHOP

A Mohawk TP-20 Two Post Vehicle Lift was recently installed in our Shop. It lifts up to 20,000 pounds and uses double telescoping three stage swing arms and slider combination, has a clear floor design and adjustable height overhead hydraulic lines for ultimate flexibility.

This replaced the old lift that was over 25 years old and showing deterioration. This lift is safer and more efficient for our team at the Shop.

OLYMPIC HIGH SCHOOL GRADUATION CEREMONY

L51 displayed a banner that the graduates would drive under on their way to pick up their diplomas.

All cheered and applauded as the graduates drove by the Ladder and the other fire apparatus, #OLYSTRONG

NEW FROM THE EMS DIVISION

By: Medical Officer Chamberlain

Hands on training for the Auto Pulse is wrapping up this week. The three devices will go into service on Monday, June 22nd.

Thanks again to PM Holt, his team, and the training division for delivering training to the crews.

Central Supply received another shipment of PPE from DEM this week.

A reminder to crews, that if you have a suspected COVID-19 patient, the minimum PPE is gloves, gown, eye glasses with face shield and N95. For CPR cases and advanced airway treatments or procedures the above PPE is also required.

Over the next couple weeks, crews will be cycled through Station 56 to be fit tested on the MSA Advantage P-100 respirators (pictured above), these will replace our N95's on EMS calls.

As always, if you have any questions, feel free to reach out.

Thank you and stay safe!

CENTRAL KITSAP FIRE & RESCUE

AGENDA

Board of Commissioners Study Session
June 22, 2020 – 4:00 PM – Electronic Meeting

Electronic Meeting Instructions for the Public

This Board meeting will be held electronically using Microsoft Teams. Members of the public are invited to listen to the Board meeting by dialing in. Please use the information below:

+1 253-999-5687 United States, Tacoma (Toll)
(833) 228-9657 United States (Toll-free)
Conference ID: 266 649 370#

If you would like to provide public comment during the Board meeting, please email Serena Prince at sprince@ckfr.org no later than 3:00 PM on June 22nd and provide her with your name, address, and phone number that you are calling in the Board meeting on.

The meeting will be recorded and posted online following the conclusion of the meeting.

ENGAGE WITH COMMUNITY CONNECT!

Easy for residents, intuitive for responders.
"Community Connect" bridges the information gap before 9-1-1 is called

Any information you provide through Community Connect is completely voluntary and based on what you are comfortable sharing. We have made it easy for you to know what may be important by organizing your secure portal into buckets of information you can enter.

| | | | |
|--|---|--|---|
|  <p>Your Property</p> <p>Understanding critical information such as your residence type, whether or not you have fire sprinklers, or designated family meeting places, improves our ability to respond and make decisions during an emergency.</p> |  <p>Your People</p> <p>Let us know who is best to contact in case of an emergency. Your contacts can help us with everything from access, to how to deal with potential hazards or locate occupants. Getting in touch helps us better communicate at the time when it's needed most.</p> |  <p>Your Needs</p> <p>If you or members of your family have mobility or other types of functional needs that may require additional assistance, letting us know means we can plan accordingly and respond more quickly to those needs.</p> |  <p>Your Pets</p> <p>Your pets are part of the family too. We want to make sure that we are able to evacuate pets and best handle them as best we can during an incident. Tell us about any type of pet at your residence - even take a photo so we can spot them easily!</p> |
